What is Design Stanwood?

... A group of dedicated Stanwood and Camano Island Citizens working together to reach back into our history and move forward into the future.

Who is involved?

... Design Stanwood is each of us. It is a vehicle by which we can come together and make changes. To make these changes happen, we need your help.

What will it mean to me?

... It will mean that Stanwood has the opportunity to become a more energetic, cohesive and comprehensive municipality, serving its citizen's needs better, and giving each of us a renewed sense of place.
